Re: Docket No. DG 16-447, Managed Expansion Program Report

Dear Ms. Howland:

Order No. 25,933 at 5-6 (Aug. 4, 2016) in the above docket, which approved the rates and tariff pages for Liberty Utilities (EnergyNorth Natural Gas) Corp.'s Managed Expansion Program ("MEP"), contained the following reporting requirements:

... Staff recommended that Liberty report to the Commission annually on the results of the pilot program. For each project, Staff recommended that Liberty provide estimated and actual construction costs, the type of fuel from which the customer is converting, the date of the conversion, and the annual revenue realized from the conversion. Also, Staff requested that Liberty compare its MEP rates to oil and propane prices on an ongoing basis. Exhibit 2 at 10. During the hearing, Liberty agreed to provide such reports annually.

Consistent with that section of the order, enclosed please find the required information in the following attachments:

- Attachment 1 - Estimated and actual cost of construction for each MEP project;
- Attachment 2 - Customer conversion information including fuel type, date of conversion, and annual revenue; and
- Attachment 3 - Comparison of the MEP rate to oil and propane prices

The Company has filed confidential and redacted public versions of Attachment 2. The information marked as confidential consists of specific customer addresses, which is confidential pursuant to RSA 91-A:5, IV, RSA 363:37, and RSA 363:38.

Thank you.

Sincerely,

A handwritten signature in dark ink, appearing to read "M. Sheehan".
