ELECTRIC DISTRIBUTION UTILITIES
Development of New Alternative Net Metering Tariffs and/or Other Regulatory
Mechanisms and Tariffs for Customer-Generators

BARRINGTON POWER, LLC's PETITION TO INTERVENE

Barrington Power, LLC ("Barrington") submits this Petition for Intervention in the above referenced docket, and states the following:

1. Barrington is a renewable energy development company that provides engineering, design, installation and equipment service for businesses, municipal buildings and nonprofits.
2. Barrington has offices in Barrington NH and Perkinsville VT. Since 2012 Barrington has provided third party financing for not for profit, municipal, school, church and private customers with grid tied solar electric systems at locations in New Hampshire, Vermont and Maine.
3. Barrington has been actively involved in the legislative process in the State of Vermont and as such is familiar with the economic considerations the electric utility companies make in net metering, permitting caps and rate assessment.
4. Barrington has a direct, personal pecuniary interest in the development and implementation of new alternative net metering tariffs.
5. Barrington's participation in the proceeding is in the public interest and its participation should provide the Commission with added insight in its proceedings.

Therefore, Barrington Power, LLC, respectfully requests that it be granted full intervener status in this proceeding.

Respectfully submitted,

David Russell
Managing Member
