PUBLIC UTILITIES COMMISSION**

DE 16-576

**Development of New Alternative Net Metering Tariffs and/or
Other Regulatory Mechanisms and Tariffs for Customer-Generators**

**Summary of Order *Nisi* No. 26,210 Adopting Limited Exception
for Voluntary Tariff-Switching by Net-Metered Customer-Generators
Participating in Liberty Battery Storage Pilot Program**

January 17, 2019

On January 17, 2019, the Commission adopted a limited exception to the prohibition on voluntary tariff-switching for net-metered customer-generators who participate in the battery storage pilot program planned to be implemented by Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities (Liberty). The Liberty pilot program was approved by the Commission in Order No. 26,209 (January 17, 2019), issued in Docket No. DE 17-189.

The Commission delayed the effectiveness of its order to ensure that all interested persons receive notice of its determination and have an opportunity to file comments or request a hearing. The Commission's order and docket filings in this matter, other than any information for which confidential treatment is requested of or granted by the Commission, are posted on the Commission's website at <http://www.puc.nh.gov/Regulatory/Docketbk/2016/16-576.html>.

All persons interested in responding to the order may submit their comments or file a written request for a hearing, which states the reason and basis for a hearing, no later than February 4, 2019. Any person(s) responding to such comments and requests for hearing shall do so no later than February 11, 2019. Following consideration of any comments and requests for hearing received, the Commission may further extend the final effective date of its order. The Commission's order shall become final and effective on February 18, 2019, unless the Commission orders otherwise.
