**Re: DM 16-705: TransCanada Power Marketing Ltd. -- Competitive Electric Power Supplier
Withdrawal of Registration**

Dear Ms. Howland:

Pursuant to Puc 2003.08, TransCanada Power Marketing Ltd. ("TransCanada") hereby requests withdrawal of its registration as a Competitive Electric Power Supplier in the State of New Hampshire.

On March 1, 2018, TransCanada divested its Retail Power Marketing business to EDF Energy Services. In accordance with Puc 2004.13, all existing customers at that time were provided notice of their options of assigning their retail contract to EDF Energy Services at the same price and terms or remaining with TransCanada until their current contract term completed.

On December 10, 2018, the final remaining TransCanada customer contract term was completed. There have been no customers served by TransCanada in New Hampshire for the past 120 days as specified in Puc 2003.08 a (1). Thus TransCanada hereby requests termination of CEPS status.

Sincerely,

Sean Brett
President
