[1] Customers taking service under TOU Rate D-10 are only eligible to receive a discount on 750 kWh. For customers using more than 750 kWh on or off peak, the bill must be adjusted to accommodate the parameters of the EAP program. The billing system is unable to make this adjustment on its own. The Billing dept creates the adjustment to the customer's bill. The Finance dept creates a journal entry to the GL to record the adjustment.

[2] The >750 kWh are informational only.
