Renewal of Registration to Provide Natural Gas Aggregation Service

TO: Commission

Debra Howland, Executive Director

On July 26, 2016, Front Line Power Solutions, LLC (Front Line) filed an application to renew its registration as a provider of natural gas aggregation service. On September 16, Staff filed a deficiency letter requesting more information. On October 13, 2016, Front Line provided the additional information. On November 7, 2016, Front Line requested a waiver of Puc 3003.05(a) which requires a renewal application to be filed 60 days before the registration expiry date on August 13, 2016. Front Line's renewal application was due on or before June 15, 2016. Front Line explained that the delay was due to an administrative mistake and it already took remedial action.

Staff has reviewed the application and has determined that the filing is complete. As this is the first time Front Line was late to file its renewal application, Staff recommends the Commission grant Front Line's waiver request this time only and approves its renewal application to provide natural gas aggregation service, effective from August 14, 2016, for a term of 5 years.
