Re: DRM 16-829, Rulemaking N.H. Code Admin. Rules Puc 2500
Electric Renewable Portfolio Standard (RPS) Technical Session

To Interested Persons:

The Commission has scheduled a third technical session to review potential amendments to the RPS rules, Puc 2500, on **Thursday, June 1, 2017, at 9:00 a.m.**, at the Commission's offices. The technical session will focus on the review of draft rules specific to the inclusion of biodiesel production for RPS Class I eligibility. The technical session will also consider and discuss potential changes to provisions of Puc 2500 that are unrelated to biodiesel production.

Commission Staff expects to circulate a draft outline for biodiesel rules and a more detailed summary of non-biodiesel issues and potential approaches that will be addressed approximately one week before the technical session on June 1st.

Sincerely,

A handwritten signature in dark ink, appearing to read "Debra A. Howland".
