**RE: CONSUMER ENERGY SOLUTIONS, INC REGISTRATION RENWAL APPLICATIONS  
FOR ELECTRCITY AND NATURAL GAS AGGREGATOR SERVICES.**

Dear Ms. Howland,

Please find attached the following on behalf of Consumer Energy Solutions, Inc. ("CES" or "Company") for submittal to the State of New Hampshire Public Utilities Commission ("NHPUC").

- Registration Renewal Application for Electricity Aggregator (Original & 2 copies)
- Registration Renewal Application for Natural Gas Aggregator (Original & 2 copies)
- Compact Disc with the above referenced applications
- Check # 3327 for \$250.00 (\$125.00 per application)

Consumer Energy Solutions, Inc. received initial approval from the NHPUC to provide electricity aggregation services in the State of New Hampshire on June 16, 2006. Consumer Energy Solutions, Inc. also received initial approval from the NHPUC to provide natural gas aggregations services in the state of New Hampshire on June 28, 2006. Both Electric and Natural Gas registrations were renewed in 2012.

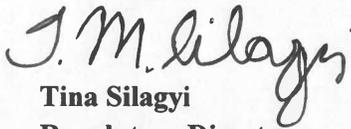

My deepest apologies for the lateness of these applications. I took this post over after the prior Regulatory Director; Eve Witter suddenly fell ill; this is my first time submitting registration applications to the NH PUC. I was unaware the applications must be submitted prior to the expiration date until I received an email from David Goyette on Tuesday December 13, 2016 informing me of this requirement. I am now fully informed that pursuant to NH Code of Admin. Rules Puc 2003.05(a) & 3003.05(a), registration renewal applications must be submitted at least 60 days prior to the expiration of the current registration.

I am respectfully requesting you accept my late submission of CES's renewal applications with the assurance that all subsequent registration renewal applications will be submitted on time.

Please contact me at your convenience if you have any questions or require any additional information.

I appreciate your consideration in this matter.

Best Regards,
