Re: Docket No. DE 17-149; Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities

Request for Approval of Company Ownership of Newly Installed Underground Services

Dear Ms. Howland:

On September 28, 2017, Liberty Utilities filed its request for ownership of underground residential services. On February 8, 2018, the Company filed revised tariff pages that provided for changes recommended by Commission Staff, along with the addition of ownership of Commercial and Industrial primary underground services.

The Company is filing an original and six copies of its final updates to the tariff with the following changes since the February 8, 2018, filing:

- The links to the Specifications for Electrical Installations have been updated throughout the tariff.
- The additional language in Section 12: Underground Services to include the April 1, 2018, date by which the new line extension tariff is effective.
- The clarification that Section 29: Customer Street Crossings no longer applies after April 1, 2018.
- Removal of the requirements of underground installations in all policies. More complete information is provided in the links to the Specifications for Electrical Installations and is duplicative by including in the tariff.
- Clarification of how the cost of Policy 1 line extensions are calculated on First Revised 60.

Debra A. Howland
DE 17-149
March 23, 2018

- Clarification that Policy 2 only applies to the subdivision line only. Individual services will fall under Policy 1.
- Addition of separate costs for different types of underground line extensions in Policy 1 on page 77.

Thank you for your attention to this matter. Please do not hesitate to contact me with any questions.

Sincerely,

A handwritten signature in black ink that reads "Heather M. Tebbetts". The signature is written in a cursive style with a large initial 'H' and a distinct 'M'.
