**Petition for License to Construct and Maintain Electric Lines Over and Across  
the Sugar River in the City of Claremont, New Hampshire**

**Summary of Order *Nisi* No. 26,155 Granting Water Crossing License**

**July 9, 2018**

On July 9, 2018, the Commission approved a request by Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) under RSA 371:17 for a license to construct and maintain electric lines over and across the Sugar River in Claremont, New Hampshire. The line spans the Sugar River, south of Washington Street, in Claremont. The requested crossing is a modification of an existing crossing. The Order and docket filings in this matter, other than any information for which confidential treatment is requested of or granted by the Commission, are posted on the Commission's website at <http://puc.nh.gov/Regulatory/Docketbk/2017/17-167.html>.

The Commission determined that the proposed crossing is necessary to meet the reasonable requirements of service to the public and that the license could be granted without substantially affecting the public rights in the Sugar River at the location of the crossing. The Commission approved Eversource's license request subject to certain conditions related to the safe construction, operation, and maintenance of the crossing.

The Commission delayed the effectiveness of its approval to ensure the public receives notice of the Commission's determination and has an opportunity to request a hearing. All

persons interested in responding to the Commission's action may submit their comments or file a written request for a hearing, which states the reason and basis for a hearing, no later than July 26, 2018. Any person responding to such comments and requests for hearing shall do so no later than August 2, 2018. Following consideration of any comments and requests for hearing received, the Commission may further extend the final effective date of its Order. The Commission's Order shall become final and effective on August 9, 2018, unless the Commission orders otherwise.
