Re: Delivery Service Tariff NHPUC No. 9 Tariff Pages Effective April 6, 2018 – Late Payment Charge

Dear Ms. Howland:

In compliance with the Commission's Order No. 26,110 in Docket No. DE 17-171 (Proposed Tariff Amendment Re: Late Payment Charge, Order Requiring Waiver of Certain Late Payment Charges), the following tariff page is transmitted herewith:

NHPUC No. 9 - Electricity Delivery
Public Service of New Hampshire dba Eversource Energy

2nd Revised Page 23

Effective: April 6, 2018

In its Order No. 26,110, the Commission directed Eversource to immediately stop assessing late payment charges on customers who pay their bills by mail. In addition, the Commission directed the Company to allow customers on budget billing or payment plan arrangements who pay by check to continue those arrangements without interruption in the event the payments received from those customers are posted after the due date.

The Company has worked diligently to modify its internal procedures, develop the necessary reports and manual processes, and train personnel on the new procedures to comply with the Commission's Order. As of the effective date of the enclosed tariff, customers paying their bills by mail will not be assessed a late payment charge, and if applicable, will continue under budget billing or payment arrangements without interruption in the event their payments are posted after the bill due date.
