## REGULATORY ACTIONS AGAINST CHAMPION ENERGY SERVICES, LLC

### TEXAS COMPLIANCE AUDIT

On December 16, 2010 the Public Utility Commission of Texas (“PUC”) entered an Order under Docket No. 38905 for a settlement between the PUC and Champion Energy Services, LLC (“Champion”) for violations, not considered significant, under PURA 17.004, 39.101 and PUC SUBST. R. 25.473, 25.474, 25.475 and 25.479, concerning customer protection rules for retail electric service.

The violations resulted from an audit program instituted by the Commission to determine all Texas Retail Electric Provider’s compliance with the customer protection rules. Several violations covered by this settlement were self-reported by Champion prior/during the beginning stages of the audit. Champion acknowledged the violations and corrected all the violations that formed the basis of the audit. On November 18, 2010 Champion and the Commission entered into an Agreement, resolving the violations. Champion agreed to pay an administrative penalty of \$30,000.00.

Leading up to the audit, Champion recognized the need for better ongoing review and compliance of all rules and regulations. In September of 2009, a new compliance group was formed. Champion initiated an internal audit aided by regulatory consultants and a PUC Substantive Rules compliance checklist. The list was comprised of 14 different categories and contained 404 different items to review. Champion’s audit found 4 areas of deficiencies and self reported those items to the PUC during the PUC’s compliance audit process. All self reported items involved the following:

- Provide an estimated start and end date for customer contract renewals
- Affirmatively inquire if applicant want to enroll with Champion during the internet website enrollment process
- Development of an Electric Facts Label for small non-residential customers
- Development of contract expiration notices for small non-residential customers

All self-reported compliance deficiencies were corrected by the date responses were due to the Commission.

As a result of the PUC Staff’s Request for Documents and Confirmation of Compliance dated April 16, 2010, 8 other deficiencies were identified in addition to those items Champion self reported. The additional deficiencies included the following:

- Spanish bill did not have a toll free number
- Spanish bill did not have the power to choose website statement in 12 point font
- Use of mixed languages on Spanish bills
- Spanish bill did not include a notice regarding unauthorized charges statement
- Full disclosure of Disconnection for Non-Payment statement in residential Terms of Service
- Sample telephonic enrollment recording did not disclose customers right to rescind
- Sample telephonic enrollment recording did not inquire if customer chooses to receive documents in English or Spanish
- Internet enrollment website did not explain adequately that a move-in or switch can only be made by applicant or authorized agent

All PUC Substantive Rule compliance deficiencies were corrected within the required 60 days of the PUC audit review.

**It is important to note, in Item 10 of the Final Order of the Notice Agreement that “the violations were not considered significant”.**

For specific remedies, Champion took the following steps to correct the discrepancies addressed in the order.

To achieve compliance with Texas PUC Substantive Rule 25.474(h)(4)(H) and 25.474(h)(5)(B)(v), we met with our customer service manager and updated our telephone enrollment training document and our quality assurance questionnaire for customer care agents. All agents are now advised to read all portions enrollment process in which the right of rescission disclosure is included.

Texas PUC Substantive Rule 25.475(e)(2)(E) requires a Retail Electric Provider to provide at the end of an enrollment, as part of the affirmative consent the contract term, (i) the date of re-enrollment and (ii) the estimated start and end dates of the new contract. To achieve compliance with these requirements, we met with our IT team to implement changes to the existing website enrollment process. The website enrollment process was updated to reflect the foregoing requirements of Rule 25.475(e)(2)(E).

To achieve compliance with Texas PUC Substantive Rule 25.475(e)(2)(F), during the renewal process Champion was to affirmatively inquire as to whether the customer had decided to enroll in our services. Although we had included this disclosure within our move-in/switch enrollment process, we ensured compliance with Rule 25.475(e)(2)(F) by adding the same disclaimer to the renewal process.

Texas PUC Substantive Rule 25.475(h)(6) requires suppliers provide disconnection protections. This disclosure was in our YRAC initially; however, through the reformatting of the document during our own internal audit the section was mistakenly removed. To achieve compliance with Rule 25.475(h)(6), we placed section 25.483(c)(e)(f) and (i) in the YRAC. In addition, we have implemented a checklist to follow for all future document changes.

To achieve compliance with Texas PUC Substantive Rule 25.479(c) (1)(C), (R) and (S), Champion corrected all mixed use language on the Spanish bill, added the toll-free number, Power to Choose statement and unauthorized charge notice in accordance with the rule.

To achieve compliance with Texas PUC Substantive Rule 25.475(g), Champion created all small non-residential customer documents including the Terms of Service, Your Rights as a Customer and EFL.

## **PENNSYLVANIA FORMAL CUSTOMER COMPLAINT**

On April 26, 2012, in Case No. C-2011-2256514, the Pennsylvania Public Utility Commission (PPUC) found Champion in violation of 52 Pa. Code§ 56.14, which addresses make-up bills for previously unbilled service. Specifically, the PPUC found that Champion should have amortized the balance for the previously unbilled service. Champion was fined \$400 and payment was timely made.

It should be noted that Champion was ranked first in J.D. Power’s Retail Electric Provider Residential Customer Satisfaction Study in 2010-2013 for Texas. In 2014, Champion was ranked second and in 2015, Champion reclaimed its first place ranking.
