VIA OVERNIGHT FEDERAL EXPRESS

New Hampshire Department of Energy, Commissioner
21 S. Fruit Street, Suite 10
Concord, NH 03301

Re: License No. DM 18-168

Dear Commissioner:

Pursuant to PUC Rule 3003.08 of the New Hampshire Code of Administrative Rules, UGI Energy Services, LLC (“UGIES”), a licensed Competitive Natural Gas Supplier (“CNGS”) holding License No. DM 18-168, hereby provides written notice to the New Hampshire Department of Energy (“Commission”) that it requests withdrawal of its CNGS registration and the prompt release from its financial security obligation and any subsequent assessment of Commission fees. In support of this request, UGIES states the following:

UGIES has not served any customers in the state for over 120 days, having transferred all of its natural gas customer accounts in New Hampshire to Sprague Operating Resources, LLC (“Sprague”), another licensed natural gas marketer in New Hampshire. Sprague began assuming UGIES’s customer contracts as of October 1, 2023 with full assignment completed by October 31, 2023. In transferring its customer book to Sprague, UGIES complied with the customer and LDC notification requirements set forth in PUC Rule 3004.06.

UGIES currently maintains a surety bond for the benefit of the Commission in the amount of \$350,000. UGIES will cancel and withdraw its bond at such time as the Commission formally terminates UGIES’ CNGS registration.

A copy of this notice is being provided to all affected local distribution companies. Should you have any questions concerning this filing, please feel free to contact me by email at kbeaver@ugies.com.

Respectfully yours,

DocuSigned by:

A handwritten signature in black ink that reads "Kelly A. Beaver". The signature is enclosed within a blue rectangular border that is part of the DocuSign verification process.
