RE: Docket No. DE 19-050  
Public Service Company of New Hampshire d/b/a Eversource Energy

Petition for Recovery of Storm Expenses

Dear Director Howland:

During the audit conducted in the above-referenced docket, the Commission's Audit Staff identified an issue with the transposition of certain cost entries on the documentation submitted for review. The transposition did not affect the overall amount subject to review and confirmation. Regardless of any ultimate impact, however, Eversource has agreed with the Audit Staff recommendation that revisions to the initial filing should be submitted to correct the transposed entries. Accordingly, enclosed with this letter is a revised version of the testimony initially submitted by Public Service Company of New Hampshire d/b/a Eversource Energy with the transposed entries on page 5 corrected and shown in highlighting.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

Matthew J. Fossum
