PSC Commission
NH

Dear Commission,

I urge the New Hampshire Public Utilities Commission to reject the unfair Eversource rate proposals (DE 19-057).

The proposed 23.9% residential increase is higher than any other rate class.

My wife and I are trying to retire and reduce our cost of living. The already high rates are a financial burden. If this rate hike is allowed we will be forced to cut back on other essentials.

This is unfair and should be voted down.

Thank you for your consideration,

Sincerely,

Mr. Anthony Sica
