PUC Commission
NH

Dear Commission,

I am a retired state employee. We have had a 1.5% COLA in 13 years. My electric bill averages \$145 (est.) a month.

A 24% rate increase is just rapacious! Outrageous! 'Effin' ridiculous!
Add to that the increase in customer charge and all the niggling little other charges that add up to more than the actual cost of the product.

Not to mention the nerve of asking for the freedom to raise their rates without going through the normal agency vetting process where they have to justify their request.

Maybe I should just mail Eversource my checkbook?

I urge the New Hampshire Public Utilities Commission to reject the unfair Eversource rate proposals (DE 19-057).

Stop this raid on retirees pocketbooks NOW!

Thank you for your consideration,

Sincerely,

Maralyn Doyle
