To Commission Staff:

In accordance with the Commission's hearing guidelines issued for the above-referenced dockets with respect to the January 14, 2022 hearing, Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource") respectfully requests accommodations for a hybrid hearing to be offered. This request is being made due to concerns about interstate travel at this time due to the rise in COVID cases and the necessity for several Eversource witnesses to travel from out of state. A hybrid hearing will also reduce the travel costs for witnesses necessary for this hearing.

Following the March 17<sup>th</sup> letter of the Commission this request is being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.

Sincerely,

Jessica Bunno Ralston, Esq.
