
Hi - I am writing to submit my written comments per Pennichuck East request to raise the rate at a permanent increase of 21.05%. As a Litchfield NH resident, our water rates are already out of line compared to surrounding towns using the same PEU. (more than double of other area's). This is unacceptable, and at the very least Litchfield NH should be exempt from the increase and someone should look at why our rates are so much higher than the other towns. The NH public utility commission has certainly failed Litchfield NH...
