Debra A. Howland, Executive Director  
N.H. Public Utilities Commission  
21 South Fruit Street, Suite 10  
Concord, NH 03301

Re: DW 19-198 Pennichuck East Utility, Inc.  
License to Cross Beneath Locke Lake

Dear Director Howland:

Please be advised that the Locke Lake Colony Association ("Association") has been notified by Pennichuck East Utility, Inc. ("PEU") of its petition for a license to cross beneath Locke Lake, the bed of which is owned by the Locke Lake Colony Association. The purpose of the license is for PEU to construct and maintain a 3-inch high-density polyethylene ("HDPE") water main in an 8-inch HDPE sleeve. This main is necessary for the operation of the Locke Lake water system.

The Board of Directors has met and discussed this project and wishes to inform you that the Association supports the project and recommends the Commission grant PEU's request. If the Commission wishes to reach us, please contact us at the above address and to the attention of Jillian Runnals, Office Manager.
