**Re: SUPPLEMENT TO DOCKET DE 20-003
PETITION OF PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE D/B/A
EVERSOURCE ENERGY FOR LICENSE TO CONSTRUCT AND MAINTAIN
ELECTRIC LINES OVER AND ACROSS THE AMMONOOSUC RIVER AND
STATE OWNED LAND, IN LISBON, NEW HAMPSHIRE**

Dear Director Howland:

Please accept this letter as a supplement to Public Service Company of New Hampshire d/b/a Eversource Energy's above referenced petition for a license for the 348X2 Line to cross public waters. The petition filed under cover letter dated January 10, 2020 incorrectly described the 348X2 Line, a 34.5 kV rated line, as a transmission [emphasis added] line in Paragraph 1, when in fact the 34.5 kV rated 348X2 Line is a distribution line. There are no further revisions to the Petition or supporting Exhibits at this time.

Pursuant to the Commission's rules, an electronic filing of the enclosed Petition is also being made with the Commission on this date.

Thank you for your assistance. Please let me know if you have any questions.

Sincerely,

Erik Newman
Real Estate and Transactional Counsel
