**Petition for License to Construct and Maintain Electric Lines  
Over and Across the Ammonoosuc River and Over and Across  
Land Owned by the State of New Hampshire in the Town of Lisbon**

**Summary of Order *Nisi* No. 26,357 Granting Crossing License**

**May 19, 2020**

On May 19, 2020, the Commission approved a request by Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) for a license to modify, construct, and maintain electric lines over and across the public waters of the Ammonoosuc River and over and across certain state-owned land in Lisbon. The Commission's order, the petition, and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, are posted on the Commission's website at <https://www.puc.nh.gov/Regulatory/Docketbk/2020/20-003.html>.

The Commission determined that the crossing modifications are necessary to meet the reasonable requirements of service to the public and that the requested license may be exercised without substantially affecting public rights in the Ammonoosuc River or state-owned land at the crossing locations. The Commission approved Eversource's license request subject to certain conditions related to the safe construction, operation, and maintenance of the proposed crossings.

The Commission delayed the effectiveness of its approval to ensure that the public receives notice of the Commission's determination and has an opportunity to request a hearing. Persons interested in responding to the Commission's action may submit their comments, or file

a written request for a hearing that states the reason and basis for a hearing, no later than June 8, 2020. Any person(s) responding to such comments and requests for hearing shall do so no later than June 15, 2020. Following consideration of any comments and requests for hearing received, the Commission may further extend the final effective date of its Order. Unless the Commission orders otherwise, the Order shall become final and effective on June 19, 2020.
