**Re: Electric Delivery Service Tariff NHPUC No. 10 Tariff Page Effective February 1, 2021  
Default Energy Service Rate DE**

Dear Ms. Howland:

In compliance with the Commission's Order No. 26,438 issued on December 17, 2020 in Docket No. DE 20-054 (Order Approving Energy Service Solicitation and Resulting Rates) the Company filed Tariff page 87 on January 5, 2021.

It has come to the Company's attention that the header in the Tariff page should have also been updated to reflect "1<sup>st</sup> Revised Page 87, Superseding Original Page 87".

Please see the attached redlined and clean versions of Tariff Page 87 reflecting the appropriate heading.

In its Order, the Commission approved the Default Energy Service rates effective February 1, 2021 and directed the Company to file a tariff conforming to its Order within 20 days. Black-lined tariff pages denoting the changes were filed with the Commission on December 10, 2020. In this filing, the authorization footnote has been added to the tariff page in compliance with the Commission's rules and the heading has been updated as discussed above. This filing is being filed electronically with the Commission.

Please feel free to contact me if you have any questions regarding this matter.

Sincerely,

*Jennifer Ullram*
