Dear Chairman Goldner:

**Re: DE 20-092; Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty
2021-2023 Triennial Energy Efficiency Plan**

On November 12, 2021, the Commission issued Order No. 26,553 approving the energy efficiency portion of the SBC rate beginning on January 1, 2022, in the above-captioned proceeding. On December 20, 2021, Liberty (the "Company") filed tariff pages in compliance with this order.

On January 12, 2022, Commission staff issued a letter of non-compliance regarding Page 22 of the Company's December 2021 filing wherein Page 22 did not correctly reference the order number, docket number, or program years.

Per the letter of non-compliance, the Company refiles the following:

- First Revised Page 22

An annotated tariff page denoting the changes and a clean tariff page are provided. Thank you for your attention to this matter.

Please do not hesitate to call if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Adam M. Hall".
