Hello... I am writing concerning the rate increase submitted by Abenaki water co....Our neighborhood already pays the second highest water rate in the state of N.H. after the rate increase imposed just a few years ago . i will be retiring with in the year and will be on a fixed income and this proposed increase will definitely be a hardship once on social security . We have had more water outages and BROWN water coming out of the tap than I care to remember...! PLEASE take this information under consideration when voting on the increase... Sincerely Russ Burlington
