To: Tioga River Water Company's customers

We recently have made the decision to divest ourselves of the water company that services your property.

We thought either you or your Homeowner Association may have some interest in taking over the system as you are its only customers. This may be accomplished with little to no cost to you if you are interested.

If you or a group of you have any interest, please give me a call at (603) 524-6343.

Yours Truly,

***TIOGA RIVER WATER COMPANY, INC.***

Norman H. Harris, Jr.
