MUNICIPAL FIRE PROTECTION SERVICE-ATKINSON

RATE SCHEDULE - GM

AVAILABILITY:

This schedule is available to all municipal fire service in the Company's franchise area in the Atkinson Core System for the purposes of public safety, where such service is paid for from tax revenues by and of the Town of Atkinson:

CHARACTER OF SERVICE:

The Town of Atkinson shall notify the Company, in writing, of an appropriate vote by the governing body of the city, town, village, or other political subdivision stating where hydrants are to be placed. Such notification must be received by the Company before the installation of any hydrant. The installation and maintenance of hydrants and the supplying of water through such hydrants is for the sole use of the authorized firefighting personnel for the control and extinguishment of any fire or for any other use authorized by the Company. Rendering of service under this schedule shall in no way be construed to hold the Company liable to furnish at any time or any specific point in its distribution system any minimum flow or pressure, either static or residual.

RATES:

Annual Hydrant Charge: \$200.00 per annum for each fire hydrant installed, payable in advance for each hydrant installed.

Annual Availability Fee: \$2,000.00 per annum payable in advance in addition to the Annual Hydrant Charge.

TERMS OF PAYMENT:

Bills under this rate are net and will be rendered annually and are due and payable upon presentation.

SPECIAL PROVISIONS:

All hydrants, lead valves, branches and other appurtenances shall remain the property of the Company.

Authorized by Docket No. DW 16-851 dated April 6, 2017

Issued: December 11, 2018
Effective: April 30, 2017

Issued by: 
Title: Christine Lewis Morse, Vice
President

GENERAL PRIVATE FIRE PROTECTION SERVICE

RATE SCHEDULE - GM

AVAILABILITY:

This schedule is available to all metered water service in the Company's following franchise areas:

Atkinson:	Atkinson Core System (Walnut Ridge), Dearborn Ridge
Chester:	Oak Hill, Lincoln Lane
Danville:	Colby Pond
East Kingston:	Cricket Hill/Maplevale
Fremont	Black Rocks Village
Town of Hampstead:	Hampstead Core System
Kingston:	Lamplighter Estates, Coopers Grove, Kings Landing
Newton	Sargent Woods
Nottingham:	Camelot Court
Plaistow:	Rainbow Ridge, Little River Village, Snow's Brook
Salem:	Lancaster Farm
Sandown:	Stoneford, Autumn Hills, Mill Woods, Waterford Village, Fairfield Estates
Sandown/Fremont:	Cornerstone Estates

CHARACTER OF SERVICE:

The Company shall be notified, in writing, of an appropriate vote by the governing body of the city, town, village, or other political subdivision stating where hydrants or fire protection water supply distribution pipes are to be placed. Such notification must be received by the Company before the installation. The installation and maintenance of hydrants and the supplying of water through such hydrants is for the sole use of the authorized firefighting personnel for the control and extinguishment of any fire or for any other use authorized by the Company. Rendering of service under this schedule shall in no way be construed to hold the Company liable to furnish at any time or any specific point in its distribution system any minimum flow or pressure, either static or residual.

RATES:

Fire Protection Rate – System-Wide

Private Fire Service (Annual Fee)

i. 1 ½ diameter pipe	\$100.00
ii. 2 inch diameter pipe	\$200.00
iii. 3 inch diameter pipe	\$400.00
iv. 4 inch diameter pipe	\$800.00
v. 6 inch diameter pipe	\$1,500.00

Dated: April 11, 2017

Effective: April 30, 2017

Authorized by Docket No. DW 16-851

Title: Vice President

Dated: April 6, 2017

The Hampstead Area Water Company, Inc.
DW 20-117

Date Request Received: 09/24/21

Date of Response: 10/07/21

Request No. Atkinson TS 4-4

Witness: Charlie Lanza

Please provide a copy of the tariff language the Company intends to propose associated with municipal fire protection referred to in the response to Atkinson 5-3.

RESPONSE ATKINSON TS 4-4:

The company plans to propose the following change to its tariff associated with municipal fire protection under the subsection "CHARACTER OF SERVICE" for all municipalities it serves:

CHARACTER OF SERVICE:

The Town shall notify the Company, either through its Fire Department, by receipt of Town approved Site Plans, or in writing showing an appropriate vote by the governing body of the Town stating where hydrants are to be placed that the Town requests. Such notification must be received by the Company before hydrant installation will begin. The Company will make every effort to maintain normal pressures at all times on the distribution system but shall not be held liable for the failure of either the supply or distribution division of its system to adequately furnish its normal quantity of water when such failure is due to the elements, natural causes, breaks, leaks, unusual or concurrent droughts, or the waste or unlawful use of water. The installation and maintenance of fire hydrants, and the supplying of water through such hydrants, is for the sole use of authorized firefighting personnel for the control and extinguishment of any fire, or for any other use authorized by the Company.

ATKINSON PRESSURIZED HYDRANT LIST

December 15, 2021

Active Hydrants:

81

Note: Do not renumber hydrants without adjusting Hydrant Plan
