Dear Chairwoman Martin:

**Re: DG 20-141; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty
 2021 Summer Period Cost of Gas – August 2021 Monthly Cost of Gas Adjustment**

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp. (the “Company”) and in accordance with New Hampshire Public Utilities Commission (the “Commission”) Order No. 26,419 (October 30, 2020) in Docket No. DG 20-141, I enclose for filing the Company’s (August) calculation of its projected collection of gas costs for the 2021 summer season ending October 31, 2021.

The calculation reflects the estimated July through October 2021 NYMEX settled forward prices as of July 21, 2021. The resulting projected under collection of approximately \$4,006,657 is 33.29% of the total revised anticipated gas costs for the 2021 summer season.

The calculated cost of gas rate is \$0.7165 per therm. Since the company has reached the maximum allowed cost of gas rate, it is electing not to increase the cost of gas rate effective August 1, 2021. Given the magnitude of the under collected percentage to the total anticipated gas costs, the Company is considering an interim cost of gas filing to request an increase to the maximum allowed cost of gas rate. The current and revised cost of gas rates are listed in the table below.

Cost of Gas Rates (\$ per therm)

	<u>Current Rates</u>	<u>Revised Rates</u>	<u>Change</u>
Residential	\$0.3935	\$0.3935	\$0.0000
Residential Gas Assistance Plan	\$0.3935	\$0.3935	\$0.0000
Commercial/Industrial High Winter Use	\$0.3886	\$0.3886	\$0.0000
Commercial/Industrial Low Winter Use	\$0.3999	\$0.3999	\$0.0000

Please note this report has been filed via the Commission's Electronic Report Filing system.

Thank you for your attention to these matters. Please do not hesitate to call if you have any questions.

Sincerely,

Catherine A. McNamara
