Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 20-154
February 2021 Monthly Cost of Gas Report

Dear Director Howland:

Pursuant to Commission Order No. 26,420 in Docket DG 20-154, enclosed is Northern Utilities - New Hampshire Division's ("Northern") current calculation of its projected over or under-collection of gas costs for the 2020-2021 winter season.

Northern's current calculation of costs has been updated to reflect the Company's October 31, 2020 balance, actual costs and revenues for November 2020 through January 2021, revised demand cost estimates and NYMEX futures prices as of February 22, 2021. The updated calculations indicate that a rate change is not required at this time. Support for this decision is provided in the attached summary and tables.

In accordance with the Commission's temporary moratorium on paper filings, the Company is submitting this filing only in electronic format.

If you have any questions regarding this filing, please do not hesitate to contact me or Chris Kahl at (603)773-6425.

Sincerely

A handwritten signature in black ink, appearing to read "Patrick H. Taylor".
