**THE ISINGLASS RIVER IN ROCHESTER, NEW HAMPSHIRE**

Dear Director Howland:

Enclosed for filing with the Commission please find Public Service Company of New Hampshire d/b/a Eversource Energy, a supplemental petition in Docket 20-185 incorporating changes to the petition requested by the Safety Division. In pertinent part, the petition has been revised to request both an amended license for the scope of work at the three previously licensed crossing spans of the Isinglass River in Rochester, as well as a new license for the scope of work at the previously unlicensed crossing of the Oyster River in Lee. This change corrects the statements in the originally filed petition which referred only to a request for an amended license in respect to the four crossing spans. There are no other changes to the petition or the supporting Exhibits.

Pursuant to the Commission's notice of March 17, 2020, this filing is only being provided by email.

Thank you for your assistance. Please let me know if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Erik Newman".
