May 6th, 2022 Set 1**

Request No. DOE 1-1:

Reference Schedule CGKS-1, Lines 2, 4, 12, 24, and 73, T&D Improvements, and Schedule CGKS-2 at 22-30, 48-50, 88-90, and 211-214. Please provide the following information for these projects:

- a. Given that these are annual blanket projects, why were only the Construction Authorizations for 2018, 2019, and 2020 provided and not the Construction Authorizations for 2021?
- b. Explain why the Install amounts for each project ranged from \$0 to \$104,530? Why were the -0- projects included in the step filing?
- c. Under the column titled "Date Completed," explain what is meant by the term "Various" for lines 12 and 73.

Response:

- a. The 2021 T&D Improvements authorization is shown on Schedule CGKS-1, Line 103, and 164. These are also included in Schedule CGKS-2 (Part 2 of 2) at 25 – 27 and 161 – 163.
- b. The T&D projects shown on Schedule CGKS-1, Lines 2, 4, 12, 24 and 73 are for multiple years going back to 2018. The installed amounts vary depending on the remaining projects that were closed to Plant In Service during 2021.
- c. Blanket authorizations include numerous Construction Work Orders (CWO) for individual construction projects. As those individual CWO's are completed they are closed to Plant In Service. These closings occur monthly during the year.
