Re: DW 22-070 Pennichuck Water Works, Inc.-Town of Milford  
Special Contract – Settlement Agreement

Dear Chairman Goldner:

Pursuant to the approved procedural schedule, attached please find for filing a settlement agreement between Pennichuck Water Works, Inc. (PWW) and the Department of Energy (DOE). The Office of the Consumer Advocate (OCA) did not participate in this proceeding. The settlement and attachments represent the most up to date request by PWW and Town of Milford for approval of the proposed contract between the parties.

For ease of the Commission's review, the settling parties have included live Excel versions of discovery attachments where they existed; that includes the cost of service study. Because the cost of service study is proprietary, PWW is also filing a motion for protective treatment of the live workbook of the cost of service study along with the settlement agreement. For that reason, PWW is supplying a public PDF and a confidential Excel version of the cost of service study attached as Attachment C to the settlement agreement.

Thank you in advance for the Commission's consideration of this settlement agreement.

Very Truly Yours,

A handwritten signature in black ink that reads "Marcia A. Brown".
