**Development of New Alternative Net Metering Tariffs and/or
Other Regulatory Mechanisms and Tariffs for Customer-Generators**

**Procedural Order Re: Deadline for Objections to Motion to Extend Due Date
for Value of Distributed Energy Resources Study**

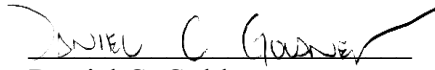

In Order No. 26,316 (December 18, 2019), the Commission directed that Commission Staff (now with the New Hampshire Department of Energy) complete and file the Value of Distributed Energy Resources Study (VDER Study) in this proceeding by the end of the second calendar quarter of 2021. The Commission subsequently extended that date until the end of the first calendar quarter of 2022, or March 31, 2022, in Order No. 26,456 (February 11, 2021).

On March 16, 2022, the New Hampshire Department of Energy (NHDOE) filed a motion requesting the Commission to extend the due date for completion and filing of the VDER Study from March 31, 2022 to May 31, 2022. According to the NHDOE, as a result of unavoidable delays in the performance and completion of the VDER Study by the NHDOE and its outside consultant, the current March 31, 2022 deadline is no longer achievable. The NHDOE stated that it did not anticipate any opposition to its motion to extend deadline. It requested that the Commission waive the 10-day objection period in New Hampshire Code of Administrative Rules, Puc 203.07(e) and require that any objections to the motion be filed within three business days of the date the motion was filed.

Having determined that the standards for waiver contained in Puc 201.05 have been satisfied, the 10-day period for objections contained in Puc 203.07(e) has been

waived. Accordingly, any party wishing to file a response to the NHDOE's motion shall do so no later than Thursday, March 24, 2022.

So ordered, this twenty-first day of March, 2022.

A handwritten signature in black ink, appearing to read "DANIEL C. GOLDNER", written over a horizontal line.
