AQUARION WATER COMPANY OF NEW HAMPSHIRE, INC.

Request for Change in Rates

Procedural Order Re: DOE Recommendation

On March 31, 2023, Aquarion Water Company of New Hampshire, Inc. (Aquarion) submitted two separate filings containing proposed tariff pages implementing surcharges for, respectively, a “Rate Recoupment Adder” and its rate case expenses in this docket. The effective date for the tariff pages in both filings is May 1, 2023. To review Aquarion’s filings, the Commission requests DOE analyses and recommendations as to: (1) whether the rate recoupment adder is correctly calculated, will result in just and reasonable rates, and is consistent with the parties’ settlement agreement; and (2) whether the rate case expenses and resulting rates are consistent with Commission rules, and correctly calculated, as well as whether they are consistent with the parties’ settlement agreement. The Commission requests that the DOE inform the Commission as to when it intends to submit recommendations on these filings by April 10, 2023.

So ordered, this sixth day of April, 2023.
