On May 2, 2022, Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) filed a petition for recovery of storm expenses, in which it requested an audit of the costs of eight storm and pre-staging events from August 2020 through June 2021, so that the recovery of these costs could be addressed through Eversource's Major Storm Cost Reserve. No further filings have been made in this docket.

The New Hampshire Department of Energy (DOE) is requested to file an audit report and recommendation, or request additional time to investigate this matter, on or before July 18, 2022.
