

**STATE OF NEW HAMPSHIRE
PUBLIC UTILITIES COMMISSION**

DT 22-036

REGISTERED TELEPHONE UTILITIES

2022 Intrastate Access Filings by Registered Telephone Utilities

Procedural Order Re: Closing Docket

On October 10, 2022, the Commission issued a procedural order noting that several telecommunications providers in New Hampshire had submitted compliance filings in this docket pursuant to a Federal Communications Commission (FCC) Report and Order on 8YY access charge reform, released October 9, 2020 in FCC Wireline Competition Docket No. 18-156. In its October procedural order, the Commission directed the New Hampshire Department of Energy (DOE) to determine whether the filings comply with FCC requirements. The Commission further directed the DOE to recommend whether further action by the Commission is necessary in this docket. On November 3, 2022, the DOE submitted a letter indicating that the filings in this docket appear to be consistent with FCC requirements and suggested that no further action by the Commission is necessary. The Commission accepts the DOE's recommendation. Accordingly, this docket is closed.

So ordered, this second day of December, 2022.
