PUBLIC UTILITIES COMMISSION**

DE 22-060

ELECTRIC DISTRIBUTION UTILITIES

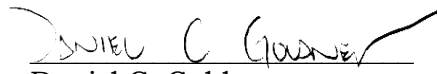

**Consideration of Changes to the Current Net Metering Tariff Structure, Including
Compensation of Customer-Generators**

Procedural Order Re: Canceling Status Conference

On April 27, 2023, Public Service Company of New Hampshire d/b/a Eversource Energy submitted a stakeholder report (report) on behalf of the parties to this docket with an update on the three stakeholder sessions that had already taken place. In the report, Eversource stated that the New Hampshire Department of Energy (DOE) made available their consultant, Dunsky Energy Consulting (Dunsky), who authored the Value of Distributed Energy Resources (VDER) study report. During the stakeholder process Dunsky provided a presentation with limited updates to the original report and responded to stakeholder questions through an updated presentation. The DOE plans to file an addendum with study updates to the VDER report by the end of May, 2023.

In view of the anticipated addendum to the VDER study report, the Commission has determined that the status conference on May 4, 2023 is not needed at this time and is therefore canceling that session. Following receipt and review of the addendum to the VDER study report, the Commission will determine whether a status conference, including a potential presentation on the updated report, will aid in developing a better understanding of potential changes to the net metering tariffs in this docket.

So ordered, this second day of May, 2023.

A handwritten signature in black ink, appearing to read "Daniel C. Goldner", written over a horizontal line.

Daniel C. Goldner
Presiding Officer
Chairman
