CITY OF LACONIA

Tariff for Water Service Applicable in Laconia, Belmont, and Gilford

Procedural Order Re: Closing Docket

On February 2, 2023, the City of Laconia Water Department, also known as Laconia Water Works (LWW), filed with the Commission a revised tariff for water services in Laconia and the neighboring towns of Belmont and Gilford. On March 3, 2023, the Commission issued a procedural order directing LWW to file a request if it required a commission determination regarding the filing. On March 31, 2023, LWW filed a letter stating that it had filed the revised tariff for informational purposes only, to reflect updates to fees related to certain cross-connection control devices. Although the New Hampshire Department of Energy filed an appearance in this docket, it has not proposed that the Commission take any action with respect to the tariff filing. As no objection or request for Commission action has been filed, this docket is closed.

So ordered, this twelfth day of April, 2023.
