

**STATE OF NEW HAMPSHIRE
PUBLIC UTILITIES COMMISSION**

DT 23-055

REGISTERED TELEPHONE UTILITIES

2023 Intrastate Access Filings by Registered Telephone Utilities

Procedural Order Re: Request for DOE Recommendation

On October 9, 2020, the Federal Communications Commission (FCC) issued its decision in *In the Matter of 8YY Access Charge Reform*, in which it required each “Rate-of-Return Carrier” to file certain updates to its tariff as of July 1, 2023. 35 FCC Rcd. 11594 (2020) (amending 47 C.F.R. § 51.909, contained in Appendix A) (FCC Order). A number of telecommunications providers submitted their compliance filings in this docket.

Certain telecommunications providers are required to register with the New Hampshire Department of Energy (DOE). Accordingly, the Commission requests that the DOE review these submissions to determine whether compliance filings have been received from all telecommunications providers that are regulated in New Hampshire and are subject to the FCC Order. In addition, the DOE is requested to determine whether the filings comply with the FCC Order and provide a recommendation of what further actions, if any, are required in this docket by October 17, 2023.

So ordered, this eighth day of August, 2023.

Daniel C. Goldner
Presiding Officer
Chairman
