

**STATE OF NEW HAMPSHIRE
PUBLIC UTILITIES COMMISSION**

DT 23-060

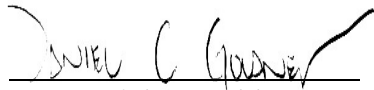

T-MOBILE USA, INC.

Petition for Termination of Captioned Telephone Service

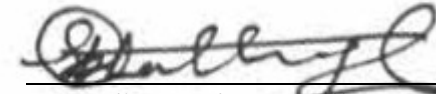

Procedural Order Re: DOE Analysis

On June 8, 2023, T-Mobile USA, Inc. (T-Mobile) petitioned the Commission to approve the discontinuance of its Captioned Telephone Service (CTS) in New Hampshire, which is part of its Telecommunications Relay Service (TRS) in the state, beginning September 30, 2023. The Commission requests that the New Hampshire Department of Energy (DOE) provide its legal opinion as to whether the Commission is required to review and approve T-Mobile's petition to terminate CTS in light of the DOE's evident concurrent jurisdiction over the TRS program in New Hampshire under RSA 374:22-p and allied statutes. In addition, if the DOE concludes that the Commission is required to act on T-Mobile's petition, the DOE's filing should include its initial statement of position regarding the petition. The Commission requests that the DOE submit this filing by July 7, 2023.

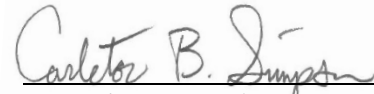

So ordered, this twenty-third day of June, 2023.
