PUBLIC UTILITIES COMMISSION**

IR 90-218

**PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE, INC.
d/b/a EVERSOURCE ENERGY**

Monitoring Plan

Procedural Order Re: Reporting Requirements

In Order No. 20,582, issued on August 25, 1992, in the above-captioned docket, the Commission approved a plan to monitor the operations of Public Service Company of New Hampshire, Inc. (PSNH), now doing business as Eversource Energy (Eversource), and Northeast Utilities (the Companies) following their merger. *Id.* The plan required the Companies to file specific informational reports with the Commission. *Id.* On February 1, 1999, in Order No. 23,122, the Commission approved proposed modifications to the monitoring plan, recognizing that certain reporting requirements, such as those relating to the reorganization of PSNH and its merger with Northeast Utilities, were no longer relevant. *Id.* More than twenty years later, Eversource continues to comply with the revised reporting requirements.

The Commission has determined that the revised reporting requirements are no longer necessary. If the Commission determines a need to review organizational records in the future, it will direct Eversource to submit such reports at that time. Accordingly, Eversource is no longer required to comply with the reporting requirements under Order No. 23,122, and this docket is now closed.

So ordered, this tenth day of August, 2022.
