July 21, 2021

Re: IR 21-024, Abenaki Water Company, Inc.—Rosebrook Water System  
Investigation into Water Pressure Issue in the Rosebrook Water System  
Granting Extension of July 16, 2021 Deadline

To the Parties:

The February 19, 2021 order of notice issued in the above-captioned docket required the Commission's former Safety Division, now the New Hampshire Department of Energy's Enforcement Division (Division), to investigate a water pressure issue in Abenaki Water Company, Inc.'s Rosebrook Water System and report its findings to the Commission no later than July 16, 2021. On July 15, 2021, the Division filed a letter requesting an extension of the July 16, 2021 deadline to July 30, 2021, stating that the Division was temporarily unable to access the data and documents it collected during the investigation as a result of the transition to the new Department of Energy.

The Division's request has been reviewed, and the standards for an extension of time contained in New Hampshire Code of Administrative Rules, Puc 202.04 have been satisfied. Accordingly, the Division shall file a report of its findings regarding the Rosebrook Water System and a recommendation for further action, if needed, with the Commission on or before Friday, July 30, 2021.

Sincerely,

A handwritten signature in cursive script that reads "Dianne Martin" written over a horizontal line.
