**Cast Iron/Bare Steel Replacement Program Results**

**ORDER OF NOTICE**

On April 16, 2018, Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities (Liberty) filed with the Commission its fiscal year 2018 (April 1, 2017, to March 31, 2018) Cast Iron/Bare Steel (CIBS) Replacement Program Results. As a result of work completed in fiscal year 2018, Liberty seeks a permanent increase in its base distribution rates of \$777,172 effective July 1, 2018. The program results and request for a rate increase are filed pursuant to the settlement agreement in Docket No. DG 11-040 approved in *National Grid USA*, Order No. 25,370 (May 30, 2012). The petition and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, will be posted to the Commission's website at [www.puc.nh.gov/Regulatory/Docketbk/2018/18-064.html](http://www.puc.nh.gov/Regulatory/Docketbk/2018/18-064.html).

Liberty's filing includes a report on actual cast iron/bare steel capital spending for fiscal year 2018, a request for a \$777,172 increase in the annual revenue requirement to be recovered through distribution rates effective July 1, 2018, and an explanation of variances from the fiscal year 2018 CIBS budget. Liberty calculated that the proposed revenue requirement increases would add \$3.32 to the \$1,171 total annual bill for a typical residential heating customer who uses 779 therms per year, a 0.28 percent increase.

The filing raises, inter alia, issues related to whether Liberty's filing conforms to the requirements of the pertinent settlement agreements, whether Liberty has appropriately accounted for the costs of the CIBS replacement program, whether Liberty's CIBS-related forecasts, budgets, and actual expenditures are reasonable and appropriate, whether Liberty has applied appropriate cost-control methods to its CIBS replacement program planning and construction work, matters related to "road degradation" fees assessed by certain New Hampshire municipalities located in Liberty's service area, road-resurfacing related "carry-over" costs, potential improvements to the CIBS filing review process, and whether the resulting rates are just and reasonable as required by RSA 378:5 and RSA 378:8. Each party has the right to have an attorney represent the party at the party's own expense.

**Based upon the foregoing, it is hereby**

**ORDERED**, that Liberty, Staff of the Commission, and any intervenors hold a technical session at the premises of the Commission located at 21 S. Fruit St., Suite 10, Concord, New Hampshire on May 31, 2018, at 10:00 a.m.; and it is
