VERIZON NEW HAMPSHIRE/GRANITE TELECOMMUNICATIONS, L.L.C.
D/B/A HALE & FATHER TELECOMMUNICATIONS

Order Nisi Approving Negotiated Interconnection Agreement

O R D E R N O. 24,047

September 9, 2002

On August 15, 2002, Verizon New England d/b/a Verizon New Hampshire and Granite Telecommunications, L.L.C., d/b/a Hale & Father (Hale & Father) jointly filed with the New Hampshire Public Utilities Commission (Commission) a negotiated Interconnection Agreement (Agreement). The Agreement was filed for approval pursuant to Section 252(e) of the Telecommunications Act of 1996 (TAct), 47 U.S.C. § 252(e).

Granite Telecommunications L.L.C., d/b/a Hale & Father was granted certification to provide competitive local exchange carrier (CLEC) services in Docket No. DT 02-113 by Order No. 24,014 dated July 24, 2002. Hale & Father also holds a competitive toll provider certification under IXC No. 0700102 granted recently. On August 5, 2002, Granite State Telephone Company, Inc. filed a copy of a letter sent to Hale & Father objecting to the use of the name Granite Telecommunications. We take this opportunity to emphasize our expectation that Hale & Father will indeed conduct its business in New Hampshire under the name Hale & Father.

The subject Interconnection Agreement is a comprehensive set of terms and conditions that will facilitate the provisioning of telecommunications service by Hale & Father as a CLEC in New Hampshire. The initial term of the Agreement expires on July 10, 2003. The Agreement may remain in effect after the expiration date, as specified by its terms and conditions.

Section 252(e) (2) (A) of the TAct requires the Commission to approve a negotiated interconnection agreement unless it is determined that the Agreement or some portion of it discriminates against a telecommunications carrier not a party to the agreement or that the implementation of the Agreement would not be consistent with the public interest, convenience, and necessity. 47 U.S.C. § 252(e) (2) (A). We will approve this Agreement nisi and invite interested parties to submit comments or request a hearing regarding effects on third parties and the public interest.

We note that Hale & Father may purchase services or unbundled elements from Verizon's Statement of Generally Available Terms (SGAT) and its subsequent revisions.

In order to promote the continued growth of competitive telecommunications services in New Hampshire, we will require Hale & Father to comply with our notice requirements regarding Fresh Look opportunities pursuant to Order Nos. 22,798 and

22,903. The recommended method for giving notice is to provide the Commission with a contemporaneous copy of the Confirmation of Code Activation form which is used to notify the North American Numbering Code Administrator.

As new competitors enter the telecommunications market, we recognize that New Hampshire's 603 area code encounters constantly increasing demand. Accordingly, we will require that Hale & Father request and use numbers responsibly and conservatively, and invite Hale & Father to explore alternative mechanisms to use existing numbers as efficiently as possible. In approving this Agreement, we require Hale & Father to comply with our orders on number conservation including Order No. 23,385 issued January 7, 2000, and Order No. 23,392 issued January 27, 2000, as well as further orders issued by the Commission concerning this matter.

Based upon the foregoing, it is hereby

ORDERED, NISI that the Interconnection Agreement between Granite Telecommunications, L.L.C., d/b/a Hale & Father and Verizon New Hampshire is APPROVED nisi; and it is

FURTHER ORDERED, that Hale & Father is required to comply with our Order No. 23,385 issued January 7, 2000, Order No. 23,392 issued January 27, 2000, and further orders issued by the Commission concerning number conservation; and it is

FURTHER ORDERED, that Hale & Father is prohibited from placing any orders under this Agreement and from otherwise doing business in New Hampshire until such time as Hale & Father has complied with all requirements of applicable federal and state law or regulation including but not limited to CLEC certification by this Commission; and it is

FURTHER ORDERED, that Hale & Father will notify the Commission within ten days of making their first facility-based commercial call in any exchange that has not already been opened to a "Fresh Look opportunity as ordered in Docket DE 96-420; and it is

FURTHER ORDERED, that any clause in the Agreement found to be in violation of any Commission order is null and void; and it is

FURTHER ORDERED, that the Petitioner shall cause a copy of this Order Nisi to be published once in a statewide newspaper of general circulation, such publication to be no later than September 19, 2002 and to be documented by affidavit filed with this office on or before October 3, 2002; and it is

FURTHER ORDERED, that all persons interested in responding to this petition be notified that they may submit their comments or file a written request for a hearing on this matter before the Commission no later than September 26, 2002; and it is

FURTHER ORDERED, that this Order Nisi shall be effective October 9, 2002, unless the Petitioner fails to satisfy the publication obligation set forth above or the Commission provides otherwise in a supplemental order issued prior to the effective date.

By order of the Public Utilities Commission of New Hampshire this ninth day of September, 2002.
