VERIZON NEW HAMPSHIRE

UNE Remand Tariffs

Order Granting Limited Hearing
for Purposes of Reconsideration

O R D E R N O. 24,181

June 6, 2003

On February 24, 2003, the New Hampshire Supreme Court remanded to the Commission that portion of Order No. 23,993 denying Verizon NH's request that the New Hampshire Public Utilities Commission (Commission) amend the portion of Order No. 23,948 requiring that Verizon provide access to dark fiber at existing splice points. During the course of Verizon NH's appeal of this matter, the Federal Communications Commission (FCC) issued its decision in *In re Application by Verizon New England Inc. for Authorization to Provide In-Region, InterLATA Services in New Hampshire and Delaware*, FCC 02-262, WC Docket No. 02-157 (September 25, 2002). Upon review of the FCC's decision, the Commission has determined that good cause exists for it to reconsider its decision in Order No. 23,948 requiring Verizon NH to provide CLECs access to dark fiber at splice points.

Based upon the foregoing, it is hereby

ORDERED, that, pursuant to RSA 365:28, a limited rehearing for purposes of reconsideration shall be held at 10 a.m. on July 8, 2003 at the offices of the Commission, 8 Old Suncook Road, Concord, New Hampshire.

By order of the Public Utilities Commission of New Hampshire this sixth day of June, 2003.
