Re:

DE 17-136

Electric and Gas Utilities

2018-2020 New Hampshire Statewide Energy Efficiency Plan

Procedural Schedule

To the Parties:

On January 28, 2019, Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) and Unitil Energy Systems, Inc. (Unitil) filed information regarding their proposed 2019 Commercial and Industrial Demand Reduction Initiative. The Commission had approved a 2019 Update Plan providing for this initiative in Order No. 26,207 (December 31, 2018). The Commission issued a Supplemental Order of Notice on February 4, 2019, which named Eversource and Unitil as the petitioning parties and scheduled a prehearing conference on February 27, 2019.

The Commission held a duly noticed prehearing conference in the above-referenced matter, at which Eversource, Unitil, the Office of the Consumer Advocate (OCA), and the New Hampshire Department of Environmental Services (NHDES) appeared. No additional appearances were entered, and no petitions to intervene were filed.

Following the prehearing conference, the parties and Commission Staff (Staff) met in a technical session. Staff issued data requests to Eversource and Unitil, to which Eversource and Unitil provided timely responses. Staff, Eversource, Unitil, OCA, and NHDES subsequently agreed upon the following schedule, which Staff submitted to the Commission by letter dated March 18, 2019:

Staff's Recommendation filed Comments on Staff's Recommendation filed March 19, 2019 March 26, 2019

The Commission has determined that the proposed schedule is in the public interest and, therefore, has approved it.

Sincerely,

Debra A. Howland Executive Director
