Re: IR 20-166, Electric Distribution Utilities
Investigation into Compensation of Energy Storage Projects for Avoided
Transmission and Distribution Costs
Procedural Schedule

To the Parties:

A technical session was held in the above-captioned matter on January 25, 2021. On February 1, 2021, Commission Staff (Staff), in conjunction with the regulated electric distribution utilities, other interested stakeholders, and the Office of the Consumer Advocate, filed a proposed procedural schedule in the above-referenced matter:

Reply Comments To Be Filed
Technical Session to Discuss Reply Comments

March 8, 2021
May 27, 2021, at 10:00 a.m.

Participants at the January 25 technical session agreed that reply comments should address whether the ISO-NE compliance filing required by the Federal Energy Regulatory Commission's Order No. 2222 may warrant an extension of the July 12, 2021 deadline for a Staff recommendation in this investigation.

The Commission has determined that the proposed schedule is in the public interest and, therefore, has approved it.

Sincerely,

A handwritten signature in cursive script that reads "Debra A. Howland".
