March 10, 2021

Re: DE 15-302, Residential Renewable Electric Generation Incentive Program
Temporary Closure of Program to New Applications

To Interested Parties:

By secretarial letter dated February 3, 2021, the Commission created a waitlist for applications to the Residential Renewable Electric Generation Incentive Program (Program), which was limited to a maximum amount of \$20,000 in pending or new application requests. In addition, the Commission approved temporarily suspending the acceptance of new applications when the waitlist exceeded \$20,000.

On March 5, 2021, Commission Staff (Staff) filed a memorandum, in which Staff stated that, as of March 4, 2021, Program applications had exceeded the \$20,000 limit. Staff recommended that the Commission temporarily close the Program to new applications, because the amount of additional funding potentially available for the Program would not be known until on or about July 1, 2021, after electricity providers' alternative compliance payments are deposited into the Renewable Energy Fund (REF). Staff stated that, while the Program was closed, waitlist applications received before the \$20,000 limit was reached would be processed as funds from expired applications became available.

After reviewing Staff's recommendation, the Commission has approved temporary closure of the Program to new applications. Applications received after the \$20,000 waitlist limit was reached will be returned to the applicants with notice to the project installers. Staff will continue to monitor and process existing Program applications while the Program is closed, using funding from expired applications to fund waitlisted applications. The Commission will reopen the Program to new applications once additional funding from the REF becomes available and program budget allocations are approved by the Commission.

Sincerely,

A handwritten signature in blue ink that reads "Debra A. Howland".

Debra A. Howland
Executive Director
